OF THE UNITED STATES WITHIN THE MEANING OF TITLE 18, SECTIONS 793
AND 794 OF THE U.S. CODE AS AMENDED. ITS TRANSMISSION OR REVEL-

THIS IS UNEVALUATED INFORMATION

1. The delegation from the Main Administration for Shipbuilding in the Ministry for Machine Construction was expected to return from the USSR on or about 25 November 1954. As of 16 November 1954, the delegation was allegedly in the Crimea inspecting shipyards. Deputy Minister Bruno Koch returned to Berlin from Moscow on 16 November 1954. 25X1

2. [redacted] the delegation in Moscow indicated that resolutions had been made on a number of items which had never before appeared in the Shipbuilding Plan. These items were to be delivered in 1955, thereby necessitating a change in the 1955 Shipbuilding Plan. The collective departmental chiefs were against any change in the 1955 Plan, but they probably will not be able to do anything about the established contracts. 25X1

3. The plan for the first quarter of 1955 was, as of 16 November 1954, covered by only 75% of the required material allocations. Therefore, a proposal was sent to the State Commission for Material Procurement, by Meloh (fnu) of the Department for Material Economy, requesting permission to take over (for the 1955 Plan) allocations not covered in 1954. *in E.
